

Annual General Meeting, 18 June 2025

Election of Members of the Board

Angela Spreadbury

Angela's most recent role was as Director of Finance and Resources for SS Great Britain, prior to which she started her training as a Management Accountant (CIMA) with a reinsurance business before going on to work as an accountant in the manufacturing, financial services, startup business and charity sectors.

Angela moved into the charity sector after completing a psychology degree as a mature student, using the knowledge gained to expand her portfolio of responsibility to include HR and volunteer management. She has had responsibility for these areas, along with finance and governance, for the last 16 years at senior management level and is passionate about ensuring that all the resources a charity has are fully utilised to maximise return on investment.
